AB - RU2033145 A hair care compsn. contg. ethanol, camphor, D-panthenol,  
dimethyl sulphoxide, extracts of plant raw material, and water, is  
new. The compsn. also contains gamma-amino-beta- phenylbutyric acid  
orotate, fir oil, and as extracts of raw material, a compsn. of plant  
extracts of malt shoots, horse radish, hops, red pepper, stinging  
nettle, garlic, onion, chestnut, in the ratios

1:2.5:2.5:2.5:1.5:2.5:2.5, and parsley and coriander extracts.

- The proportions of the ingredients are (wt.%): 30-40 compsn. of the  
given plant extracts, 0.5-3.0 parsley extract, 0.5-3.0 coriander  
extract, 0.02-0.1 D-asparagine, 0.1-0.3 camphor-3 dimethylsulphoxide  
(DMSO), 2-5 soybean hydrolysate, 1-3 glycerol, 0.2-1.0 D-panthenol,  
20-30 ethanol, 0.01-0.1 fir oil, remainder drinking water.

- ADVANTAGE - The compsn. has softening, anti-inflammatory and tonic  
action on scalp, and promotes hair growth because of the presence of  
the biologically active substances gamma-amino-beta-phenylbutyric acid

orotate.
